

# Developing countries matters - Special project aimed at developing countries

## Working group on CEEMS

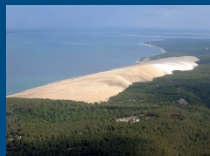

- Chaired by Mr Pu Changcheng, CIML Member for P.R. China
- CEEMS: Countries and Economies with Emerging Metrology Systems
- Wider remit than “developing countries”

## Seminar “Metrology in daily life”

- Held in Chengdu, P.R. China from 14-15 May 2015
- Participants
  - 20 international from 15 countries
  - 80 Chinese from all provinces

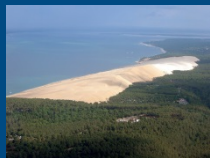

## Seminar “Metrology in daily life”

### Programme

- Presentations from invited speakers
- Group workshop activities to consider possible OIML actions in support of CEEMS
- Visits:
  - Farmers’ market
  - Health centre
  - Electricity meter verification centre

## Seminar “Metrology in daily life”

### Outcome

- Ideas taken from conclusions of group discussions used to set programme for this week’s CEEMS seminar
- These ideas further developed to generate a package of measures which the OIML can take to help CEEMS in legal metrology development
