

Dear Colleagues,

As the convener of the RLMO Round Table meeting which will be held in conjunction with the 50th CIML Meeting in Arcachon, I would like to invite all of you to the Round Table.

As stated by Mr. Mason, CIML President, in the Round Table two years ago in Ho Chi Minh City, the RLMO Round Table continues to be a network and forum for information sharing, a group that has a role to initiate something, and a source of advice and comments for the OIML.

We had a Round Table meeting at Auckland last year, where we reconfirmed the importance of this Round Table and also expressed the expectation about the new website for the Round Table.

Following these previous meetings, the agenda for the Round Table in Arcachon will be continued to be almost the same as the previous ones. We will exchange and share the information about the recent activities of each RLMO through short presentations, and discuss matters related to the role of RLMOs and OIML, new ideas to promote cooperation among those bodies, and so on.

Regarding the new website, I would like to ask the RLMO Chairs later if they have any materials to share on the website among RLMO's. I am also planning to propose some ideas at the RT meeting to make the site useful.

I hope many of you will join the Round Table in Arcachon and fruitful discussions.

Yukinobu Miki
CIML Vice President
Convener of the RLMO Round Table
